Gary,

Management has asked that we finalize the attached document. Our last conference call, we only mentioned some changes and asked for you to review and to comment back. I do have some questions for you about this document and would like to discuss. I'm in all week.

Gary,

Is your number (410) 537-4423? I've thought I've called you numerous times using the programmed number. Tried calling you, but for some reason my call is not going through. It will not be the first time our phone lines are inoperable! So, what I wanted was to touch base with you is whether or not you have had a chance to review the attached work plan. I had a couple of points on wanted to discuss with you. When you have a chance, give me a call at (215) 814-2774. Hopefully the phones will be up and running soon.

Ashley
